

Early Years Newsletter 1st March 2024

This week we have been finding out about different types of vehicles. We have learnt that not all vehicles need wheels to move and they move in different ways. Outside we have been moving fast and slow as well as looking at maps to show us where to go. In Maths we have been learning our number bonds to 10 in Reception and in Nursery we have been learning about full and empty. We found out about keeping safe on the roads and have been learning about how to show respect and about cause and effect of our actions.
