## HEADTEACHER'S BLOG

Happy New Year to all our families. It's been brilliant to see all the children back in school. All of them have been as smart, cheerful and hardworking as ever. They are an absolute credit to you, their families and to all of us at Lakeside Primary.

As you are aware the number of Covid cases nationally and in Doncaster are very high and rising quickly. We will continue to maintain all the safety measures we had last term in school to try to keep everyone Covid-free but as you will understand this is a challenging task. We do thank you for your support and co-operation in following the advice and supporting us in keeping classes open and children in school.

Hopefully, we will be past Covid by the Easter holidays at the latest and can continue with all the events for parents and children that we have planned. There are still lots of regular events in the Lakeside Community Hub and the Forest school that have continued. See the Hub noticeboard for details and the timetable.

Please remember that we still have a vacancy on the school's local governing body for a parent governor. Applications or any expressions of interest please contact the school office.

Mrs Stringer, the Family Support Manager, is also setting up a Parent Voice group later this term and we are looking for volunteers to join and help us continue to develop the school's offer for parents and families.

Mr. Bullock

## REMINDERS

From September 2021, our school uniform slightly changed. Attached is a reminder of the school uniform policy.

Please download our School app available on the App or Play store for 'Free'. This allows us to share useful information with you at no cost to the school.

Just click join school and enter @lakeside

5 MC	94.2%
6 RC	98.1%
6 NW	96.4%
Whole School	95%

## SCIENCE CLUB

We have an exciting new After School Club starting this term—Science Club.

The children will take part in a range of investigations using everyday items. The investigations are hands on and the pupils are encouraged to predict what might happen and use science vocabulary. Science club aims to encourage enquiring minds and nurture interests in science.

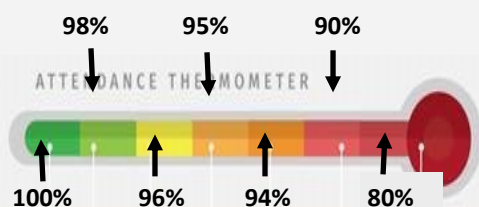

The club runs for the half term and then a new set of budding scientists are chosen to ensure that the majority of interested pupils are able to participate.

Science Club will be held each Wednesday from 3pm until 4pm for a half termly cost of £2.00. If your child is interested in joining, please sign up on Parent Pay.

## FANTASTIC FISH
