

22.2.2021

Dear Parent/ Guardian

Staff at Lakeside Primary Academy have recently updated their First Aid training. When completing the training, we discussed as staff the difference a defibrillator can make in an emergency situation. We considered all the percentages on saving someone's life in an emergency; chest CPR has an approximate 8% success rate; the highest percentage of saving someone's life is a defibrillator at 32%. We think those figures speak for themselves and would like to fundraise to have a defibrillator on site for our school community. We need to raise in the region of £2500.

We would like children to design a sports kit for Team Lakeside, the entry fee for the competition will be £1. If you would like to enter the competition, please pay £1.00 via Parent Pay and select the 'Lakeside Competition' payment item. Entries can be submitted through the website, Facebook Page, on paper to the school office or emailed to the admin email account. All children who submit a design and an entry fee payment will be in with the chance of winning a Sports goodie bag.

We would like the designs to incorporate a Team Lakeside ethos;

- What makes Lakeside Primary Unique?
- What are we good at?
- What does our sports kit need to promote to others?

We look forward to seeing your entries and hopefully raising money towards such a worthy cause.

Kind Regards

Mrs S. Smith
